Professional Experience					
Article Assistant (Indirect Tax Advisory) - BDO India Service Pvt Ltd, Bengaluru					(Dec 2025 - Present)
GST Compliance, Automation & Risk Management	- Managed GST compliance across 16 states, covering GSTR-1, GSTR-3B and GSTR-6 (ISD), with end-to-end automation using Python, VBA, Power Query and Advanced Excel for data processing, reconciliation, validation and portal-aligned return preparation. - Built GSTR-2B reconciliation, GSTR-1 vs GSTR-3B exception checks, Summary Maker, GSTR-2B Consolidator and Credit/Debit Note Mapper tools adopted by multiple team members, helping identify potential eligible ITC of ₹40-50 lakh. - Developed an automated GST Litigation Reply Maker for recurring notices and conducted Probable/Possible Risk (PPR) assessments for large corporates, including PepsiCo, evaluating GST positions and potential tax exposures.				
Indirect Tax Advisory, Litigation, Refunds & Customs	- Worked on Indirect Tax assignments for large clients across software/technology, SaaS, supply-chain & logistics, mobility/EV and FMCG sectors, including Rakuten Group, SAP India, TVS SCS and PepsiCo. - Assessed complex inter-company and cross-border transactions, place of supply, valuation, ITC, contractual arrangements and business restructuring, including capital restructuring, and prepared technical memoranda and issue-based tax analyses. - Worked on SCNs, ADT-01, ASMT-01 and DRC-07 matters involving factual analysis, reconciliation and legal research, contributing to matters that helped reduce potential tax exposure by ₹ 10+ crore. - Worked on GST refunds, audits, due diligence and secondment assignments, including export and inverted duty structure refunds; assisted in Customs SVB, provisional assessment and bond-related matters through documentation, reconciliation and assessment finalisation.				
Finance Intern - Reserve Bank of India, Bengaluru					(June - Nov 2024)
Banking & Financial Data Analysis	- Analysed ₹2,000+ crore of advances across 10+ local/PSU banks, tracking sanctioned, disbursed and outstanding amounts and performing advance leakage checks across 1,000+ records. - Reconciled 1,000+ advance records with bank reports and prior-period data, identifying mismatches, exceptions and material variances. - Analysed credit growth, deposit mobilisation, CD ratio, NPAs and sectoral credit patterns, identifying significant period-on-period movements and emerging trends. - Reviewed CBS and payment-system data, analysing transaction volumes, settlement flows and banking operations to assess bank performance. - Built Excel-based MIS, Pivot analyses, variance/exception reports and management presentations, consolidating bank-level datasets and translating complex data into actionable insights for senior review.				
Position Of Leadership					
Position of Responsibility	- Web Development Lead - ICSFA 2023: Designed and developed the official website using PHP, HTML & CSS, managing performance, responsiveness, navigation and accessibility. - Event Coordinator - Cognito 2024: Led planning, logistics, promotion and execution, coordinating team members to drive student outreach and participation. - EDEC Business Society: Coordinated student initiatives focused on financial literacy, strategic thinking and entrepreneurship. - Student Editor - Magnate: Contributed to editorial planning, content development and publication activities.				
Technical Skills	- Programming & Automation: Python Microsoft VBA SQL Power Query - Data & BI: Advanced Excel Power BI - Finance & Accounting: Tally Prime FMVA (Basic)				
Significant Awards & Certifications	- CFA Level I - Cleared NISM Investor Certification - PwC Switzerland - Audit Job Simulation White & Case - Private Equity Job Simulation - Top Performer - RBI Research Internship Best Co-Editor - Magnate - Outstanding Achievement - ICSFA Excellence in Social Service Award
